**Sub.: Summer Training Program for B.Tech students of your esteem institute.**

Dear Sir,

We feel pleasure to introduce ourselves as young, dynamic and skilful institution of Department of Technical Education, Government of Rajasthan. We, the Center for E-Governance (CEG) was established in 2006. CEG has many dimensions of activities and businesses but with sole vision to improve the standards of students of Rajasthan state. Our mission is to inculcate technical skills in our youth. CEG regularly organizes many campus placement drives for degree & diploma students. Government of Rajasthan honored CEG for its activities in HR conclave 2017.

In last year CEG has placed more than thousand students in various organizations such as Vodafone, Wipro, Subros Ltd. Pune & Manesar, JCB, Sonalika, Kirloskar, Saint Gobain, Mahindra & Mahindra, SATTRIX Ahemdabad, Genpact, General Electric etc.

Last decade witnessed several changes in the field of engineering and technology. Therefore, it becomes necessary for the students to update their skills and knowledge.

For the very purpose, CEG is arranging such summer training programs in various areas of engineering and technology. These courses will help the students for their placement also. During training programs, we emphasize on live projects and hands-on trainings.

For Summer Training 2018, CEG has launched two new programs aligned to industry needs. These programs are on **Internet of Things (IoT)** and **Machine Learning (ML)**. The new programs are project based and closely mimic what industry does.

Therefore, you are requested to post enclosed details for summer training program at your college notice board and kindly arrange for the interested students for summer practical training at CEG. The detail of such programs is enclosed herewith for your kind reference. It is important to note that certificate issued by CEG is valid by Department of Technical Education, Govt. of Rajasthan.

Looking forward to a long & happy association with you.

Encl: as above

(Dr. Avinash Panwar)  
Director
